

Dearly brothers and sisters in Christ.

I send to you greetings in name of Jesus.

We are doing well, we were finishing our classes, this week we will be taking last school test, pray for us to God give wisdom to do our job.

We have a great time for first months at Seminary and in Buenos Aires Argentina, we meet good people, and we learn a lot from our teachers.

Like every changes, we have some difficulties, like be involved in a new culture, different school processes, and live whit other peoples with difference of cultures, for example, my roomie is from Bolivia he's name is Vladimir, and the other guy is he's Mario, hi is from Misiones, Argentina, a province from North of Argentina.

I am doing a really good friendship with Mario, he is from an small town called Jardin America, is an small village, really poor, some times I feel sad because he don't have the enough for his supplies, he receive around 40 dollars every month for government help like an scholarship, Argentina church pay for he's expenses at seminary, and his mom sent a couple of dollars for food and other stuffs. So, I try to help him all time when I can, and I tell this to you to you will see how much we can do with small things! Bless others like you bless us and like God bless us!

By other way, we are so close, nefta and Guillermo and Samuel's family, we try to meet for make mexican food, YES WE MISS IT!! so, we are doing our friendship strongest, thanks to God!

We receive many invitations from some churches to do Mexican Tacos, Mayra (Pastor Samuel's wife help to make tortillas, and nefta, memo and I cook the grilled meet and the mexican spicy sauces, argentine says its burn!).

When we have a chance, we try to be out to discovery the city or eat outside to try a relaxing time.

So, Maybe you ask what we will be doing on vacations? well, we will be traveling to Misiones, at Mario's house, he invite us to stay at his small house and then be involved at church youth gathering, so we ask to our professors if is a good idea, and they say yes, for not stay alone here, because the most of our partners will be going back tho their homes.

So we are not really sure how we will be solving the expenses, we are not really sure if we do our trip, because it implies bus ticket and food. We receive our scholarship but is only for food, so this are cover, the other not!

Just I wants to say thank you to all of you for be helping us, whit offerings and specially for your prayers.

Please pray for our needs:

Memo Ask for God help him to get a good notes, and for some problems that he has in home.

Nefta Ask for wisdom and for God guide him in his studies.

I ask for my mom, she will be on a surgery at her eyes in couple of months, I pray for God supplies what she needs, I ask too for your praying about God give me wisdom to be a good student. And I look for your prayers, because this week I spent sick, I have a cold and cough.

We pray for God supply our tickets from Mexico City to our cities, because we have already our ticket from Buenos Aires to Argentina, but we don't have tickets for Mexico City to our living City, and come back tickets for March of 2015.

I want to give specially thanks for Pastor Norman Finke and KIMA who keep Helping us, and all people who help us behind him.

Thanks to our friends in Christ Bruce and Dot and their Church, Faith Lutheran. Thanks for your offerings it help us a lot!!

And I want to give an special thanks for Pastor Don Smidt, because he don't leave me, and he keep doing like a mentor for me!! Thank you so much Pastor!!! Thanks to your organization Connecting Generations.

And for last, Thanks to my mother Church, San Mateo, who keep us in their prayers and this month they make a Tamales Sales to send to Guillermo and I an small offering.

We pray for you, please keep praying for us!

Receive our greetings in Name of Jesus.
